#### Project Description

*Creation of an application that creates and plays song.*

#### Summary

**Overall**

**Schedule**

**Budget**

**Risks**

**Resources**

**G**

**G**

**G**

Yellow

**G**

**Summary:** *The project is working. It only needs to be upload on the store.*

#### Project Comments

For the third part "Frequency Analysis and Advanced filters" , we have to finish the AM and FM filters.

We rework the technical ,functional specifications and the software architecture

#### This Period: Activities Completed

Technical specifications

Functional specifications

Software architecture

Reverb

Echo

| Next Period: Activities Planned |  |  |  |  |
|---------------------------------|--|--|--|--|
| MP3 Compression                 |  |  |  |  |
|                                 |  |  |  |  |
|                                 |  |  |  |  |

&lt; if Time and Material &gt;

| Estimate to Date:                            | Budget: | Agreed Variance: | Actual: | Estimate to Complete: |
|--|---------|------------------|---------|-----------------------|
|  |         |                  |         | 12/02/2022            |
| <b>Forecast Project Complete: 12/02/2022</b> |         |                  |         |                       |
|  |         |                  |         |                       |

&lt; if Fixed Cost &gt;

| Estimate to Date:  | Budget: | Agreed Variance: | Invoiced: | To be Invoiced: |
|--|---------|------------------|-----------|-----------------|
| Cost   | \$      | \$               | \$        |                 |
| <b>Forecast Project Complete: (dd/mm/yyyy)</b>   |         |                  |           |                 |
| <b>Comments:</b> < Report the accrued and forecast status for the remaining costs in comparison with the cost revenue and estimate, in the table below together with a comment.> |         |                  |           |                 |
|  |         |                  |           |                 |

| Project start and end date |            |                           |            |
|----------------------------|------------|---------------------------|------------|
| Planned project start date | 03/01/2022 | Actual project start date | 05/01/2022 |
| Planned project end date   | 11/02/2022 | Forecast project end date | 11/02/2022 |
| <b>Comments:</b>           |            |                           |            |
|                            |            |                           |            |

| Key Issues/Risks |
|------------------|
|------------------|

| Ref. | Description             | Owner | Date Raised | Mitigation Strategy | Due Date Status |
|------|-------------------------|-------|-------------|---------------------|-----------------|
| 1    | Issue with SFML and Mac |       |             |                     |                 |

**Project Variation**

| Ref. | Description | Status | Owner | Date |
|------|-------------|--------|-------|------|
|      |             |        |       |      |
